# Today

- All logs – 300,301,300A
- Training Records (vaccines and COVID related trainings)
- Policies and Procedures with clear direction on what guidelines are being used within the policy. CMS or CDC
- Sign in and symptom logs
- COVID/Vaccine education
- COVID tracking logs (questionnaire on determining work related or not)

# Today-Continued

- COVID vaccine exemption process
- Emphasis on fit testing, medical assessment and actual use of mask listed on approved fit test
- ETS Policies and Programs – even though they have expired, they are still looking for this info
- Hazard Assessment
- Vaccine Tracking and Policies
- Respirator Protection Program – Many of the citations we are hearing about are from this section.
- Educate and communicate with your employees their input matters.
