### Discussion Ideas:

Are you happy with the level of support you receive from the County Board in your area? What about the communication you receive?

Do you feel appreciated? In what ways can the County Board make you feel more appreciated? How can we show you that you matter and are important?

What can the County Board do to better reach the Providers?

What support, tools/resources, skills or empowerment do you need to be more effective?

If you were in administration for a County Board for a day/week/month, what would you change?

What would make your work more meaningful and satisfying?
