# ABOUT US

The Ohio Provider Resource Association (OPRA) has been dedicated to supporting Ohio's provider community for more than 50 years. Nearly 200 for-profit and not-for-profit provider organizations across the state rely on OPRA to build, strengthen, and advocate for a service system that meets the needs of more than 40,000 Ohioans with intellectual and developmental disabilities.

Grounded in its mission to build and serve a community of great providers and its vision that all people with intellectual and developmental disabilities who rely on supports receive them from great providers, OPRA champions trusted, well-resourced, and innovative service delivery. OPRA's guiding principles highlight the importance of strong operations, qualified staff, dedicated leadership, and provider sustainability as core elements of quality support.

## Why OPRA? We CARE.

OPRA provides:

- **Community** — statewide networking, peer connection, and shared best practices
- **Advocacy** — proactive legislative engagement and policy representation
- **Resources** — expert guidance, timely information, and technical support
- **Experiences** — high-impact trainings, workshops, and professional learning

With decades of statewide leadership, OPRA serves as a hub for collaboration and a catalyst for provider excellence, making it an ideal partner for exhibitors and sponsors who share in the mission of strengthening services for Ohioans with intellectual and developmental disabilities.
