Send Us Your Stories

What are you working on right now – in class or at your internship site? What is your favorite part of C3P(O)? How are your staff working together to mentor the students in the program? How are school personnel coming together to support the program?

Wouldn’t you like to hear what the C3P(O) program is doing at other schools?

Whether individually or as a group, we invite you to share these things with us to publish in the newsletter so that students, teachers, providers, and others can share your experiences, too!
